

Edheke John Jnr

Web Developer

johndheke@gmail.com | +234 701 858 2831 | johndheke.com | github.com/johnjnr7

PROFILE

Web developer working with HTML5, CSS3, JavaScript, Git and GitHub, with internship experience in web development and frontend AI engineering. freeCodeCamp certified in Responsive Web Design and JavaScript. Seeking a Web Developer or developer internship role.

EXPERIENCE

Frontend AI Engineering Intern | FlyRank AI July 2026 – Present

- Build and refine frontend interfaces using HTML5, CSS3 and JavaScript.
- Use Git and GitHub for version control and collaboration.

Web Developer Intern | Eduzone Nigeria February 2026 – April 2026

- Developed responsive web pages using HTML5, CSS3 and JavaScript.
- Managed code and tracked changes with Git and GitHub.

PROJECTS

Envelope Budgeter envelope-budgeter.vercel.app

- Budgeting web app based on the envelope method: enter monthly income, log expenses across categories (rent, food, utilities, entertainment) and calculate the remaining budget.

Decimal to Binary Converter decimal-to-binary-converter-nine.vercel.app

- Web tool that converts decimal numbers to binary and displays a call stack to show how the conversion works step by step.

SKILLS

Languages: HTML5, CSS3, JavaScript

Tools: Git, GitHub

Focus: Responsive web design, frontend development
